Extended Limited Warranty Upgrade

Help your customer extend their **Bradford White** factory warranty from 6 to 10 years on **BOTH** the tank and parts!

Your customer will enjoy the peace of mind that comes from knowing they'll be protected against failure for 10 full years, and you'll be able to add the Warranty Upgrade Kit directly to your purchase at F.W. Webb.

Quick Code: **264288**

**This Warranty Upgrade includes all of the associated suffixes to the base model numbers above. The Upgrade Kit also applies to any corresponding new model numbers created.
** Available in Canada ONLY.

How does it work?

Simply purchase a **Warranty Upgrade Kit** from F.W. Webb, complete and sign the registration card for your customer, and drop it in the mail. You can also register at bradfordwhite.com/warranty. Make sure you have the product's serial number and the special warranty number located in the warranty kit. Remember to place the 10-year protection label on your customer's water heater. It's that easy.

Talk to your F.W. Webb representative for pricing, or visit F.W. Webb online at ordering.fwwebb.com.
