**WELL HEAD FITTINGS**

- **AWJ2 - 2” Packer Adapter:** Well casing adapter for series J+, JRD, and HSJ jet pumps.
- **AWJB2 - 2” Packer Adapter:** Well casing adapter for series JB jet pumps.
- **AWCJ3 - 3” Packer Adapter:** Well casing adapter for series J+ and HSJ.

*TAW40 is used to comply with State of Michigan requirements for offset installations from 2” or 3” diameter wells.

**AWD2 or AWD3:** Well casing adapter for series SJ and VJ jet pumps.

**AW42:** Well casing adapter for series SJ and VJ jet pumps.

*AW42 cannot be used as well casing adapter for 3” diameter wells.

**SRPA:** Converts Goulds SJ to Sta-Rite® 2” packer.

**TYPICAL INSTALLATIONS**

- **Horizontal Jet Pumps**
  - **Over the Well**
  - **Offset**

- **Vertical Jet Pumps**
  - **With AWD Adapter**
  - **AW42 - Adapter is used to comply with State of Michigan requirements for enclosed suction line. It can be used as an offset adapter for 2” wells instead of using a well casing tee.**
