Honeywell Home

Streamline your installations with FocusPRO thermostats – from non-programmable to programmable and smart solutions, ensuring quick setup, broad compatibility, and enhanced functionality.

KEY FEATURES

Discover the modern features of the FocusPRO thermostat series, designed to streamline your HVAC solutions. From intuitive controls and rapid installation to smart connectivity and energy efficiency, the thermostats are crafted to enhance both comfort and functionality. Explore how our feature-rich lineup can transform your heating and cooling installations.

Broad System Compatibility:

Supports multiple HVAC system configurations up to 3H/2C heat pump and 2H/2C conventional systems.

UWP® Wall Plate Design:

Facilitates straightforward installation with a standardized mounting plate and easy wiring.

Fast and Simple Installation:

Designed for quick and easy setup with user-friendly instructions.

Private Label Program:

The Resideo Thermostat Private Label Program gives you the opportunity to provide your customers with the best quality thermostat with your label attached.

Bright Customizable Display:

Large, bright digital display with optional always-on backlight.

User-friendly Design:

Intuitive controls and interface for easy operation and smooth user experience.

UWP® Wall Plate

MADE FOR CONTRACTORS

Easy Private Labeling Opportunities

Capture recurring business with our private label program. Order customized product with your company contact info printed directly on the device.

Broad System Compatibility and Application

FocusPRO models support up to 3 heat/2 cool heat pump and 2 heat/2 cool conventional systems, plus single-stage 1 heat/1 cool models. Compatible with wired outdoor sensors and the Resideo Pro app.

Fast and Simple Installation

The UWP® wall plate allows for quick setup, making the installation process smooth and hassle-free. With clear instructions and a streamlined approach, you can minimize installation time and enhance client satisfaction.

FocusPRO S200 Smart Thermostat Only

Dual-Band Wi-Fi:

The S200 smart thermostat supports both 2.4GHz and 5GHz networks for reliable and fast connectivity.

ENERGY STAR Certified:

The S200 Smart thermostat meets stringent energy efficiency guidelines to help reduce energy consumption and costs.
