

## DialSet® Pressure Regulating Valve

Give your pressure gauge a rest. With the Resideo DialSet Pressure Regulating Valve, you don't need a pressure gauge.

The built-in adjustment dial eliminates the need for a gauge when adjusting the static pressure setting, but there is also an easily accessible gauge port on either side if you need it. This product has the capability to be installed by one individual and the reliability that helps to increase your profits through fewer callbacks. Plus, the DialSet PRV has the flexibility to work in a variety of applications, so you can reduce your inventory.

# DS06 Series DialSet® Pressure Regulating Valve

CONTROL WATER PRESSURE WITHOUT A GAUGE.

**Built-In Dial-Set™**

No gauge is needed to install it or set the static pressure — eliminating the need for a second person.

**Noncorroding Unitized Cartridge**

Contains all working parts and is easily replaceable.

**Adjustment Range**

Outlet adjustment range of 25PSI to 90PSI make it suitable for household, commercial, industrial and turf-and-irrigation applications.

**Application Versatility**

Install it just about anywhere. The internal and external threading allows for use in thread-by-thread, single-union or double-union configurations.

**Pressure Gauge Tap**

1/4" NPT tap accessible from both sides to validate output.

**Strainer**

Built in to simplify maintenance.

**Approvals**

ASSE 1003, IAPMO, CSA, Low Lead Compliant
