MAINTENANCE RECOMMENDATIONS

To maintain lasting quality of this molded stone mop basin, periodically clean with any liquid detergent.

Dulled areas and light scratches may be removed by rubbing with an automotive type body cleaning compound such as Dupont No. 7 paste cleaner followed by a light application of liquid wax such as Johnson's "J" wax.

When necessary, plaster and other foreign materials can be scraped away with a sharpened soft wood stick. One of the powder type detergents such as Spic 'n Span may be used dry on a damp cloth to provide mild abrasive action to the residual foreign material.
