

## Condensate Neutralizers PROPP40-KIT, PROPP40, PROPP40WALL, PROPP100 for use with boilers, furnaces and tankless water heaters

Condensate fluid that is formed inside fuel burning appliances is acidic and has the potential to harm the environment and drainage systems.

The PurePro condensate neutralizers raise the pH of the condensate to a more neutral level before being discharged to drain.

### Features and benefits:

- Available in two sizes, to fit all types of applications
- Includes an initial charge of Neutralizing Media
- Clear tube allows you to see the quality of the media
- Prevents acidic condensate from corroding drains and sewer systems
- Fast and easy installation
- Low profile design for appliances with a near floor condensate drain
- All corrosion resistant materials
- Suitable for use on all types of Natural Gas and Propane appliances
- Mount in horizontal or vertical positions
- Includes connection hardware kits

Specifications				
Item #	PROPP40-KIT	PROPP40	PROPP100	PROPP40WALL
Webb #	681744	681743	681741	835092
BTU/hr.	400,000	400,000	1,000,000	400,000
Operating Efficiency	93%	93%	93%	93%
Condensate Flow Rate	1.6 Gal./hr.	1.6 Gal./hr.	4.0 Gal./hr.	1.6 Gal./hr.
Includes:	<ul style="list-style-type: none"> <li>• 3/4" MNPT x 3/4" FNPT unions (2)</li> <li>• 3/4" NPT to 1/2" hose barb fittings (3)</li> <li>• 1/2" barbed Y fitting (1)</li> <li>• Hose clamps (6)</li> <li>• 10 ft. of 1/2" ID vinyl tubing</li> <li>• Base/wall mounting clamps (2)</li> </ul>	<ul style="list-style-type: none"> <li>• 3/4" PVC Socket Weld Adaptors for hard pipe installation (2)</li> <li>• Base/wall mounting clamps (2)</li> <li>• 3/4" MNPT x 3/4" FNPT unions (2)</li> </ul>	<ul style="list-style-type: none"> <li>• 3/4" PVC Socket Weld Adaptors for hard pipe installation (2)</li> <li>• Base/wall mounting clamps (2)</li> <li>• 3/4" MNPT x 3/4" FNPT unions (2)</li> </ul>	<ul style="list-style-type: none"> <li>• Wall bracket</li> <li>• 3/4" NPT inlet and outlet connections</li> <li>• Patent pending float system indicator</li> </ul>

## Also available:

### Condensate Neutralizer Pump

PROPP-PUMP

### Condensate Neutralization Tank with Pump

The PROPP-PUMP is ideal for installations that require both condensate removal and neutralization. The condensate produced by gas fired condensing appliances is acidic and has the potential to harm the environment and the sewer system.

#### Features and benefits:

- 1.9 Gal/hr.
- 500,000 BTU
- 20 ft. lift high performance pump
- Comes with high level float for hook up to alarm system
- Condensate Neutralizer Pump prevents acidic condensate from corroding drains and sewer systems
- Neutralized condensate is more environmentally friendly
- Low profile design for appliances with near floor condensate drain
- All materials made from corrosion resistant material
- 1 gallon tank with baffles designed to channel flow through media for complete neutralization
- Includes initial charge of Neutralizing Media
- Can be wall mounted
